Laser engraving & cutting

Materials, identification and technical applications. Click a service for full details on sdlg.nl.

Service	Details / points to consider	Price
Stainless steel engraving	Logo, text and identification; finish and contrast assessed first.	On request
Aluminium engraving	Plates and products; surface and any coating determine the approach.	On request
Wood engraving	Logos and text; wood type, grain and shape affect the result.	On request
Glass engraving	Name, message or logo on suitable glassware.	On request
Acrylic engraving and cutting	Shapes, letters and displays; material and thickness agreed first.	On request
Laser cutting	Suitable non-metal sheet material; cut lines, thickness and dimensions.	On request
Identification plates	Fixed product information, logo, identification and serial numbers.	On request
Batch engraving	One repeated design, with optional different names or numbers.	On request
QR codes and barcodes	Code, contrast and size matched to the intended use.	On request
Tool engraving	Name, company logo or inventory number on suitable tools.	On request
Brand plates	Company name or logo on a suitable brand plate.	On request
Control panels	Functions, text and markings on suitable panels or faceplates.	On request
Wayfinding	Clear text and symbols; material and application agreed first.	On request
Tags and labels	Small tags or labels with recognisable text and information.	On request

The larger laser bed is 910 × 610 mm. Only the fibre laser has a 120 × 120 mm engraving area. Metal cutting is not a standard service. Product, material, height and fixturing are assessed first.

Products with your signature

Personalised products, corporate gifts and custom work. The last three rows are completed project examples; new versions are assessed first.

Service	Details / points to consider	Price
Engraved scented candles	Personal gift or business logo batch; prices on page 1.	See page 1
Water bottle engraving	Company logo, name or personal text on suitable bottles.	On request
Corporate gifts	A useful gift with a logo or personal message.	On request
Serving and cutting boards	Logo, text or numbering on a suitable cutting or serving board.	On request
Awards and trophies	Name, date or message on a suitable item.	On request
Name plates	A name or clear text; material, fixing and size agreed first.	On request
Name badges	Name and optional logo for teams, events or customer contact.	On request
Pen engraving	A logo, name or short text on suitable pens.	On request
Keyrings	Logo, name or message; product and material selected first.	On request
Menu holders and table numbers	Recognisable table presentation with a logo or numbering.	On request
Your own products	Suitable jewellery and keepsakes too; subject to assessment.	On request
Engraved water jugs	Logo or text on suitable glassware; as in the de Leermeeesters case.	On request
Mirror with custom frame	Personal engraving and a timber frame; as in the wedding case.	On request
Laser engraving fleece	Project example: scarves and jackets. Suitability assessed per item.	On request

For suitable cylindrical items we use a rotary attachment, with a maximum product diameter of 130 mm. Please discuss material, dimensions and engraving position before delivering or shipping your own products.

04 / SDLG

Your brand. Worn with pride.

Printing and embroidery for clothing and accessories. Garment choice, quantity, artwork and logo positions determine the proposal.

Service	Details / points to consider	Price
Branded workwear	Garments, size breakdown and logo method coordinated.	On request
Workwear embroidery	Logo or name on suitable textiles. Business orders from 10 items.	On request
Workwear printing	Logo, text or full colour on suitable textiles; business from 10 items.	On request
Branded polo shirts	Style, colour, sizes and embroidery or print position.	On request
T-shirt printing	For work, promotions or events; print and quantities agreed first.	On request
Hoodies and sweatshirts	Personalisation suited to the fabric, style and use.	On request
Work jackets and softshells	Logo method assessed against fabric, finish and position.	On request
Aprons	Printing or embroidery for work, hospitality and presentation.	On request
Sportswear	Name, number or logo on suitable sportswear.	On request
Bags and accessories	A logo, text or personal name on a suitable item.	On request
Merchandise	Shirts, hoodies and accessories as one coordinated brand collection.	On request

Your clothing and design should work together.

DTF can suit colourful logos on suitable fabrics. Embroidery adds texture. SDLG assesses fabric, fine detail, size and use, then selects the method for the order.

Please specify sizes and quantities per garment, logo positions and any individual names. Customer-supplied clothing can be discussed after assessing material, style and finish.

05 / SDLG

Your brand. Recognised everywhere.

Print, presentation and signage. Dimensions, quantities, material, finish and any installation determine the price.

Service	Details / points to consider	Price
Business cards	Paper, size, print and finish for the right first impression.	On request
Flyers	Size, quantity, paper and finish for promotions or information.	On request
Custom stickers	Packaging and promotion; substrate, size and use agreed first.	On request
Banners and frames	Suitable banner material, size and optional frame.	On request
Roll-up banners	A recognisable display; size, design and specification agreed first.	On request
Window lettering	Text or artwork matched to glass, visibility and application.	On request
Vehicle lettering	Vehicle, film, design and installation; service in the Breda area.	On request
Facade signage	Facade signs or individual letters; location, substrate and fixing.	On request
Printed mugs	Logo, name, text or image on a suitable model and print area.	On request

Installation in Breda and the surrounding area.

For vehicle lettering and facade signage we discuss location, access, preparation and timing. Removal of existing lettering or extra preparation is agreed separately.

For mugs we confirm the model, coating, print area and care for each option. For stickers and signage, the substrate and indoor or outdoor use inform material selection.

From idea to a tailored proposal

An enquiry is not an order. We agree the specification, price and schedule before work starts.

Service	Details / points to consider	Price
Design and preparation	Any drawing, logo adjustments or preparation of cut lines.	On request
Variable personalisation	Individual names, text or numbers within one batch.	On request
Material or fit sample	Where needed and feasible; scope and any costs agreed first.	On request
Premium packaging	Availability and specification agreed; not included as standard.	On request
Shipping and multiple addresses	Business orders and delivery to the Netherlands or Belgium.	On request
Extra signage preparation	For example, removing existing film; assessed per project.	On request

Lead time: 1-5 working days, subject to stock.

Larger projects have an individually agreed lead time. We confirm timing after checking stock and the proposed work.

Transport time is separate from production time.

What we need for your quotation

Specify product or material, dimensions, quantity, your logo or text and required delivery date. For textiles: styles, colours, sizes and logo positions. For signage: location and installation. You can send artwork by email after the first contact.

Discuss your project

info@sdlg.nl | 06 51 50 21 11

Heusing 10K, 4817 ZB Breda, Netherlands. Visits, drop-off and collection by appointment only. Product delivery to the Netherlands and Belgium. Enquiries welcome in Dutch or English.

Prices dated 14 October 2026, taken from sdlg.nl. The website publishes fixed prices only for scented candles. "On request" means no fixed price is published for that option. Your proposal confirms the final specification, VAT and total price; you receive an invoice for your order.
