From selection to quotation.

1. Choose your products

Specify brand, style code, colour, size and quantity. Use the size guide and compare with a well-fitting garment. Screen and printed colours may differ from the fabric.

2. Tell us about your decoration

Send your logo or artwork with the requested positions, dimensions and delivery date. SDLG assesses the suitable technique. Printing, embroidery and delivery are quoted separately.

3. Receive a clear quotation

B2C means the price for individuals; B2B the price for businesses. Both amounts are per item and exclude 21% VAT. Your quotation confirms the specification, extras, VAT and total price. You receive an invoice.

4. Stock and timing

Lead time is confirmed after checking stock and specification. Larger projects are scheduled by agreement. Product delivery is available in the Netherlands and Belgium; shipping costs and transit time are confirmed separately.

Price overview compiled on 24 October 2026. Availability, specifications and prices may change. A missing price means “On request”; the confirmed quotation takes precedence.
